DATE MAILED:

Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents**Non-Responsive Amendment (Bonafide)**

The reply dated 5/29/2007 is not fully responsive to the prior Office action because of the following omission(s) or matter(s):

Applicants failed to fully comply with the species election requirement as set forth in the 4/5/07 Restriction. For example, Applicant failed to elect with "specificity" the species of ligand as set forth in the example provided (e.g., antibody). Instead, Applicants elected a non-specific broad class of "antigens" that could read on virtually any type of molecule (e.g., peptides, proteins, small molecules, etc.). In addition, Applicants failed to elect a single species of sequence tag as set forth in subgroup (e.g., constant region of antibody gene disclosed in the specification at page 6, line 14). Correction is requested.

Since the above-mentioned reply appears to be bona fide, applicant is given ONE(1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

Any inquiry concerning this communication should be directed to Examiner Jon D. Epperson, Ph. D., Art Unit 1639, whose telephone number is (571) 272-0808.

Any inquiry of a general nature or relating to the status of this application should be directed to the Technology Center receptionist whose telephone number is (571) 272-1600.

Jon D. Epperson Ph.D.
